TECHNICAL PROJECTS

COUNSELLING WEBSITE

Technologies Used: React.js, MongoDB, Express.js, Node.js, JWT

Description:Developed a full-stack counselling platform that connects clients with counsellors for online consultations. Implemented user authentication, appointment booking, secure video calls.The platform allows counsellors to manage availability, accept client requests.Deployed the application on Render for seamless accessibility.

Outcome: Strengthened skills in full stack development, handling complex backend logic and designed a scalable and maintainable architecture for long term usability

EXPERIENCE

Software Engineer 04/2021-present
Tata Consultancy Services

EDUCATION

Bachelor of Engineering

Computer Science
Saveetha Engineering College
